Collect, Update, and Publish Searchable Information to Staff

Easily manage information coming from multiple sources

Exclusion and Eviction Tracking
MANAGE, TRACK, AND DISTRIBUTE EVICTION AND EXCLUSION INFORMATION

Combine multiple sources of information and manage the distribution of exclusion and eviction information to employees. Collect exclusion data distributed by local, state, and federal agencies. Allow security staff to capture new exclusion and eviction records. Approve, revise, and ensure completeness of all records. Quickly and easily search and recall exclusion and eviction data. Automatically deactivate expired records based on rules. Schedule lists and reports to be sent periodically.
